Full Stack Developer- **MERN**
@**Error Makes Clever** Academy
Sep 2024 - Dec 2024
S14236PC05UI0155

PROFILE SUMMARY

Motivated MERN stack developer skilled in MongoDB, Express.js, React, and Node.js, with a passion for creating scalable and user-friendly web applications. Strong problem-solving and teamwork abilities, eager to contribute to innovative projects

PROJECT

Project - 1
Nostra E-commerce Website
(MongoDB, Express.js, React, and Node.js)

- Created a user-friendly e-commerce website using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Added features like user login, product catalog, shopping cart, and secure payments.
- Ensured mobile-friendly design for better user experience on all devices.
- Used MongoDB to store and manage product and user data efficiently.
- Collaborated with a team, conducted testing, and provided ongoing updates to enhance system reliability and reduce costs.

Project - 2
Udemy Clone

- Developed a Udemy-like platform using the MERN stack with course browsing and user authentication.
- Added features for instructors to manage courses and students to track progress.
- Used MongoDB to store user, course, and review data efficiently.

SOFT SKILLS

1. **Communication**: Effective communication to facilitate collaboration and understanding.
2. **Teamwork**: Strong team player with a history of successful group contributions.
3. **Adaptability**: Quick to adjust and thrive in changing environments.
4. **Problem-Solving**: Proactive in identifying and resolving complex issues.
